

One Great Community Salutes

Chamber Champion – Dr. Delynn Stults

Stults Family Dentistry

Nominated by Judy Whallon

Faith, family & hard work! Three values that certainly sum up a few of the reasons that Dr. Delynn Stults has been selected as the next Chamber Champion for the One Great Community Salutes program with the Wayne County Area Chamber of Commerce. Dr. Stults was nominated by Judy Whallon, who has been an assistant with his dental practice for over 10 years. Judy sites much of Dr. Stults overall success to the fact that “he always looks at the big picture for every individual and offers what is best and most practical for them.” This forward thinking, big picture approach seems to carry over with many of the accomplishments in his life. He cares about people. Whether they are a patient, his family, a part of his church or a complete stranger, Dr. Stults treats everyone with respect and care.

Dr. Stults grew up in the Wayne County area and married his high school sweetheart. They have been married for over 35 years and have 4 children and 2 grandchildren that also get plenty of quality time. Their son and 3 daughters all attended and graduated from college or graduate school. Their son, Daniel, followed in his father’s footsteps and is now a part of the family business. In fact Stults Family Dentistry is one of few in the area that is generational.

Dr. Stults served in the Army for 2 years, has patients from all around the world that still come to him for their dental needs and “in 30 years he has never had a sick day”, said Judy. When he chooses to become involved with something he goes at it with all his heart. His 30+ year membership with the Gideon’s has taken on many Mission Trips to Haiti, Spain, Taiwan and Columbia. His care and concern for others carries over in to his work at home and abroad. He is faithful to family, employees and his practice with dentistry and his church. “He knows that change is good for growth and he is very adaptable,” is what Judy said about Dr. Stults and the fantastic way he has about staying on top of all of the diverse parts of his life and career.

A true Chamber Champion both at home and abroad! We salute Dr. Delynn Stults for his honorable way of participating in life as a champion for his family, his employees, his fellow church members and all of those he has touched through his volunteer efforts all around the world!
